March 1, 1985

Although today is only March 1, 1985, the year is almost over. That is, the automobile manufacturers' 1985 model year.

For the 1985 fiscal year, through the GSA Contract GS-00F-65293, we are pleased to be the supplier of Standard Item No. 24, a fifteen passenger van/wagon. (a copy of the specification sheet for this vehicle is enclosed).

The manufacturers have recently indicated to us that they are starting to experience lengthened delivery schedules for some of their models. Also, they are having several component shortage problems.

Presently, I am happy to say, these problems are not affecting the construction of Standard Item No. 24. The situation, however, could change at any time. The interest in and demand for this vehicle by the Army, Navy, Air Force, and other governmental agencies has been significant. To date, we have not encountered any major problems in supplying our customers with the vehicles they need.

Please use the enclosed card and postage paid envelope to give us an indication of how many Standard Item No. 24 van/wagons you will need and when you will need them (use the card also to let me know if you need additional copies of the spec. sheet or the contract).

We want to supply you, on a timely basis, with all the vehicles you will need to perform your mission.

Thank you for your interest in our services.

Sincerely,

Stephen M. Pjuga, Jr.  
Manager, Government Services

SMP/av  
enc.

GSA CONTRACT NO.  
**GS-OOF-65293**

ITEM NO.  
**24**

VAN-WAGON (FC) 4x2  
FEDERAL STANDARD 307K
